John W. Hairston Is Candidate For County Clerk

John W. Hairston, former County Treasurer has announced that he will be a candidate for the nomination the County Clerk at the coming July Primary.

Mr. Hairston said his formal announcement will be made within a few weeks, that he plans an active campaign among his friends and supporters over the county.

Mr. Hairston is already handing out cards and was the first candidate to get out on the hustings in advance of the dogwood blooms. In Texas when the dogwood blooms it is time to start politicing. Mr. Hairston calls on his friends to rally to his support.

Cigarette Tax Hike Bill Was Passed

The senate passed a house-approved state cigarette tax increase bill Tuesday afternoon by a vote of 24 to 5.

The measure, increasing the state levy one cent per pack of cigarettes, will bring in about $8,000,000 annually for the next 7 1-2 years. $5,000,000 of the yearly revenue will go to finance state hospitals and special schools.

The bill will be sent back to the house for approval of minor technical changes.

Earlier the senate split, 16 to 13, against increasing the rebate to dealers to cover the cost of affixing and collecting the tax.

The house had pegged the rebate at 60 cents per case. Senator Crawford Martin had sought to increase it to 80 cents. His amendment was voted down.

The bill was the last major item of emergency legislation needing senate clearance for the final working out of deatils on the entire administration program for meeting and financing eleemosynary necessities.

ROTARY SPEAKER

A. C. Spencer, field representative of Friends of the Land was guest at the regular noon meeting of the Cameron Rotary Club in the Milam Coffee Shop Wednesday. H. B. Pressley was in charge of the program. Mr. Spencer discussed soil conservation.

His wife is Margarette Garrison Sharpe and he has a seven year old daughter.

He is the son of Mr. and Mrs. Raymond Sharpe of Cameron.

U. S. BAN ON ATOMIC INFORMATION REPORTED

Reliable sources in London reported Monday that the agreement providing for the exchange of American top-secret atomic information with Britain has been suspended by the United States government as a result of the Klaus Fuchs affair.

It could not be definitely ascertained whether the reported ban also applies to the exchange of information with Canada, but the International News Service informants indicated such might be the case.

The report indicated the United States may be planning to proceed along with the development of the hydrogen bomb, keeping all information concerning that weapon to itself.

FINAL RITES HELD FOR WILSON KILLEN SUNDAY

Funeral services for Wilson Killen, 37, were held from the Chapel of the Green's Funeral Home by Rev. Lee Lemons, pastor First Methodist Church, at 3:00 p. m. Sunday, February 19, 1950. Burial was made in Oak Hill Cemetery.

Mr. Killen died suddenly here Saturday morning from a heart attack. He had been prominent in business for a number of years and was a war veteran ,having volunteered for service in the United States Navy Air Corps, where he served for a major portion of the conflict.

Mr. Killen was owner and operator of Killen's Food Market here where he had lived for the past 18 years. He was a graduate of Cameron High School and was a member of First Methodist Church.

Among his survivors are his widow and two young sons, Jimmy and David; his mother, Mrs. Mabel Killen of Cameron; two sisters, Mrs. Roger Taylor of Port Neches, Mrs. Boyd F. Ludewig of Tulsa, Oklahoma and one brother, James Killen of San Marcos.

Pallbearers were: Shirley Fox, Nat Wofford, George Peck of Temple, R. L. Terry, George Miller Harold White, Thelbert Crittenden and Bill Wallace.

U. S. SPEEDS PLAN TO BUILD ATOMIC SUBS

An informed source disclosed that the United States is pushing plans to start constructien of what it hopes will be the world's first atomic-powered submarine.

This source said that discussions are under way between the navy and the Electric Boat Corporation at Grotan, Conn., in regard to construction of a submarine hull in which could be installed an atomic energy reactor that may be developed by the atomic energy commission. The company built many of the navy's submarines in World War II.

The discussions were described as so far advanced that quite likely congress will be asked to add an appropriation for the work to the 1951 navy budget for the year beginning July 1. Some lawmakers said a week ago that a race between the United States and Russia to be first to develop an atomic-powered sub was a possible complication in efforts to produce a hydrogen bomb.

The atomic energy commission in a report last month revealed that considerable progress has been made toward developing reactors suitable for submarine or ship propulsion. Study is also being made on a proposed reactor for aircraft.

Nuclear reactors are machines for putting nuclear energy to work under controlled conditions. In contrast an atomic bomb explosion is instantaneous, an uncontrolled nuclear reaction.

Under controlled conditions, scientists say, the amount of nuclear fuel that is destroyed in a small fraction of a second by an explosion may be utilized for months and perhaps even for years to give off usual energy.

LAST RITES HELD FOR MRS. COWARD WEDNES

Mrs. Dora Coward, 72, of the Marlow Community passed away at St. Edward Hospital early Tuesday, February 21.

Mrs. Coward had lived in that community most all her life. She suffered a stroke at her home early in the week and was taken to the hospital for treatment.

COTTON ALLOTMENTS FOR TEXAS UPHELD

U. S. District Court Judge Matthew McGuire upheld Tuesday Agriculture Ssecretary Brannan's 1950 Texas cotton acreage allotments.

McGuire ruled that Brannan's method for figuring the 7,637,029 acre Texas allotment conformed with the agricultural adjustment act of 1938 and its amendments and declared that:

"The allotment apportioned to counties as a consequence, also conform with the law in that respect."

He ordered a complaint by 10 Texas cotton growers against Brannan's allotments dismissed.

The growers asked the court for an injunction on grounds Brannan's formula did not give them credit for higher wartime production.

They told McGuire they would lose an estimated 100,000 acres of cotton ,equivalent to $5,000,000 a year, under the 1950 allotments now in effect.

Charge of Reds In State Department To Be Probed

Senator Hoey, Democrat, North Carolina, said Monday that the senate's special investigations subcommittee will take a look at any charges laid before it by Senator McCarthy, Republican, Wisconsin, that there are 57 card-carrying Communists in the State Department.

McCarthy prepared to tell the senate itself about the alleged Communists.

The Wisconsin senator said that on the basis of his senate speech, he may ask the investigations group headed by Hoey to make a formal inquiry.

If that happens, Hoey told a reporter he will have his staff check first into the committee's jurisdiction to be sure it has authority to undertake an investigation of that kind. The group was set up primarily to look into government expenditures.

McCarthy contended that expenditures were involved inasmuch as he said the 57 still are drawing pay from the government.

FINAL RITES HELD FOR MRS. REYNOLDS FRIDAY

Mrs. Harriett D. Reynolds, 76, died at her home, at 1402 North Crockett street, Wednesday, February 15, 1950 after a three weeks illness.

Mrs. Reynolds had lived in Cameron since 1900, and was the widow of the late Isaac Henry Reynolds.

Her survivors include one daughter, Mrs. Hattie Braden of Cameron and one son, Ben Reynolds also of Cameron. She is also survived by a number of grandchildren.

Funeral services will be conducted by, Rev. Lee Lemons, Pastor First Methodist Church, at the Chapel of Green's Funeral Home, at 4:00 p. m. Friday, February 17. Burial will be made in the Old City Cemetery with Green's Funeral Home making the arrangements.

Alfred Price Stationed At Memphis, Tennessee

Alfred T. Price, airman apprentice, USN, son of Mr. and Mrs. Alfred Price of Cameron, Texas, was recently graduated from the Aviation Structural Mechanics School at the Naval Air Technical Training Center, Memphis, Tenn.

Price, who entered the Naval service April 18, 1949, received his recruit training at the Naval Training Center, San Diego, Calif.

Mrs. Lula Rogers and daughter, Florine Hovis visited Mrs. Rogers son and family, Mr. and Mrs. J. C. Hovis and daughter, Marilyn Kay, in Temple over the week end.

LOCAL JUNIOR CHAMBER TO BE ORGANIZED HERE

A meeting will be held at the Country Club March 3, at 7:30 for the purpose of organizing a Junior Chamber of Commerce in Cameron.

Thomas Marshall Weaver, State Director of the Junior Chamber of Commerce will be there to help organize the Chamber and explain it's benefits and importance to a town. Time will also be given to the election of officers for the coming year.

Junior Chamber of Commerce is a civic organization for young men and is dedicated to two purposes; Improvement and development of the community and improvement and development of its individual members to train them for business advancement and civic leadership.

United States Junior Chamber of Commerce is nationally recognized with a membership of more than 130,000 young men now participating in the work. Noteworthy accomplishments in local Junior Chambers are recognized with state and national honors.

A young man owes a debt of gratitude to the city which provides him a home and the privileges of citizenship. Through the Junior Chamber of Commerce, young men are given opportunity to do their part in civic service.

Membership in the Junior Chamber of Commerce is the most logical and least expensive civic service opportunity available to a young man. In addition, membership offers him direct and tangible personal reutrns. From every possible standpoint, the Junior Chamber of Commerce meets the young man's need.

Junior Chamber of Commerce does not conflict nor is there any overlapping of duties between the Chamber of Commerce and Junior Chamber.

Preceding the business a supper will be served at a reasonable charge and for information regarding the meeting Dr. George Bowman is available at phones 151 or 652. All business men are invited to attend.

Ann Brock Places Hereford Calf In Show

Ann Brock placed her Hereford calf 12th in her class, at the San Antonio Fat Stock show this week and will sell her calf in the auction sale Wednesday of this week.

Ann did an outstanding job feeding and showing her calf according to J. D. Moore, County Agent. The competition was very strong in the class. With her calf was shown the Grand champion and the reserve champion of the show. The reserve champion was a calf from Denver Colorado. He was also reserve champion at the recent Denver show.

Ann is the daughter of Mr. and Mrs. Jesse Brock of Cameron. She plans to feed two calves with the Milam County 4-H Club for next years major shows.

UNITED STATES BROKE OFF WITH BULGARIA

The United States broke off relations with communist Bulgaria in the toughest American action against any of the Soviet bloc countries.

Climaxing a "long series of intolerable restrictions and indignities" against the U. S. legation in Sofia, Amercan Minister Donald R. Heath and his staff were ordered home.

The state department demanded the recall of Dr. Peter Voutov and his smaller Bulgarian staff in Washington.

It was the first formal American diplomatic break with any country since World War II.

A ban on American travel in Hungary is already in effect. There have been veiled hints in recent notes to communist Czechoslovakia and Poland and that relations might be severed. All American consuls have been ordered out of communist China, which the United States has not recognized.

Four Youths Awarded Prizes At Stock Show

Four Milam County FFA boys came back from the 1950 Houston Fat Stock Show with the following winnings:

Wayne Barnes: First best cock of the Mediteranean class, second best hen of the mediteranean class, first best cockerel, first and second best hens, third best pullets and first, second and fourth best White Leghorn pullets.

Carl Hill won third place on his White Leghorn pullet, Ardell Pagel won second place on single Duroc barrows and Franklin Glaser took fourth place on Dairy scramble jersey heifer.

The amount of money in prizes was not known.

LEGISLATURE TO ACT ON SEX CRIME LAWS

Speedy wind-up of legislative action on the hospital program will open the way to new subjects, including laws to punish sex offenders.

The session will end March 1. It now appears the hospital program will be passed this week, leaving several days for other measures to be submitted by Gov. Allan Shivers.

Among those proposed are stricter laws on sex crimes and another to make legal the past consolidations and bond elections of school districts.

Members of Central Dads' Club of Dallas, headed by Neal Lyons, asked Governor Shivers Tuesday to let the Legislature work on the sex crime problem.

"I'll submit it as soon as the Legislature finishes its other job," Shivers told them.

Bills to make penalties more severe for persons who molest women and children await introduction in the House, Rep. Cecil Storey of Longview, chairman of a committee on criminal law reform, is the sponsor.

Rep. Ray Kirkpatrick of Trenton says the Governor also has given conditional approval to let the Legislature work on a general bill to make legal all school consolidations, tax and bond elections.

"Many schools found themselves in legal tangles in complying with the Gilmer-Aikin program" Kirkpatrick wrote fellow-members regarding his proposal.

PUBLISHER LEAVES HOSPITAL

J. B. White, publisher, left Newton Memorial Hospital late Tuesday and is at home where he will have to remain for the next three or four weeks under the most restful conditions possible and will be unable for some time to have company. The doctors forbid his returning to his duties for at least another month.

CHRISTIAN SCIENCE SERVICES

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 26.

The Golden Text is: "As ye have therefore received Christ Jesus the Lord, so walk ye in him: . . . for in him dwelleth all the fulness of the Godhead bodily" (Clossians 2:6, 9).

Among the ciations which comprise the Lesson-Sermon is the following from the Bible: "Make you perfect in every good work to do his will, working in you that which is wellpleasing in his sight, through Jesus Christ; to whom be glory for ever and ever" (Hebrews 13:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Who is ready to follow his teaching and example? All must sooner or later plant themselves in Christ, the true idea of God" (page 54).

HOSPITALS HOLD 38 TRAIN VICTIMS

ROCKVILLE CENTER, N. Y., Feb. 19—Thirty-eight persons injured in Friday night's collision of two Long Island trains still were in hospitals Sunday, ten of them in critical condition.

The death toll remained at twenty-nine, the largest in a United States railroad wreck since 1946.

The injured were scattered in three nearby hospitals.

The largest number—twenty-three, including five critical patients—were at the little 98-bed South Nassau Communities Hospital, nearest to the wreck scene.

Doctors and nurses have worked there around the clock since the hospital was filled Friday night with mangled or lacerated victims.

Among the 105 injured in the crash was Motorman Jacob Kiefer, 55, who suffered head injuries and shock and was under police guard at his home at Baldwin, N. Y.

Kiefer has been charged with second degree manslaughter and his arraignment has been set for Monday.

But authorities said Sunday they still did not know whether he would be able to appear on his doctor's report Monday.

Nassau County Dist. Atty. Frank A. Gulotta pinned blame for the crash directly on Kiefer. The prosecutor said Kiefer went through one red-light, and possibly two, before the crowded trains collided. Gulotta said there would be no more arrests.

Mrs. Scott Dies In Rosebud

ROSEBUD, Feb. 19—Mrs. Mary Ellen Scott, 82, died at 8:35 a. m. Sunday in a local hospital.

The body will lie in state at the Nicholson Funeral Home here until 2 p. m. Monday. Funeral services will be held at 3 p. m. at Powers Chapel Church, with burial in the church cemetery. The Rev. R. L. Brown will officiate, assisted by the Rev. Norvell Barnes.

Survivors include four sons, Robert, Arthur and Reuben of Rosebud and Reece of Cameron; six daughters, Mrs. Mattie Dawson of Ben Arnold, Mrs. Roy Robertson of Thorndale, Mrs. Leo Griffin of Bryan and Mrs. Homer Seeley, Mrs. Lola White and Mrs. Minnie Flanagan of Rosebud; three brothers, Clara Brown and Bob Brown of Rosebud and Elza Brown of Dumont; three sisters, Mrs. Maggie Aday of California, Mrs. Ed Turner of Oklahoma and Mrs. Gena Garrett of Lott.

Miss Margaret Horstmann of Cameron is among new students who have recently enrolled for the first time at Southwest Texas State Teachers College. An addition of the 306 new students boosted the enrollment at the college in San Marcos to 1,979, a record for the spring semester. Officials attributed much of the enrollment increase to public school teachers who are not returning to college to work on advanced degrees.

Milano Among Winners Basketball Tournament

Fast breaking feminine setets from Milano, Meridian, Troy and Salado all racked up first round victories at Little River Friday night as the annual Golden Girls basketball tournament began before an overflow crowd in the Academy high school gymnasium.

Milano had to hang on for dear life to nip Sharp, 23-22, with Sharp using its second team until the middle of the third quarter since they had to play another girls game at Rogers two hours later. Milano's lead by quarters was 6-0, 13-2, and 18-11 as the Sharp first team made a strong rally. Nellis Kirk topped Milano with 12 points and Martha Garner made 13 for Sharp.

Meridian led all the way to defeat Thrall, 37-25 enjoying an 18-7 halftime advantage. The Medidian team had the evening's top scorer in Joyce Nivin, who poured in 20 points, and established itself as the tourney co-favorite along with Troy. Thrall's top scorer was Dolores Kerline with 14 points.

Troy ran wild in the last quarter to whip Bartlett, 27-20, with Patsy Williams scoring 14 points for Troy and Velma Miller racking up 12 for Bartlett. The score was deadlocked, 7-7, at halftime and Troy had only a 15-14 lead at the end of the third period.

Salado had no trouble turning back the host Academy team, 32-12, with Barbara Berry leading the way with 13 points and Evelyn Woods topping Academy with seven. Salado's halftime lead was 17-7.

Consolation semi-finals Saturday match Academy against Sharp at 9:30 a. m. and Thrall against Bartlett at 10:40 a .m. The two winners will clash for the consolation title at 7:30 p. m.

In the championship semi-finals Saturday, Milano will battle Salado at 11:50 a. m. and Troy will tackle Meridian at 1 p. m. The championship will be decided between the two winners at 8:45 p. m. with the tourney titlist qualifying for the Golden Girls state tournament at San Antonio next month.

One other team from this meet will be picked to go to San Antonio by Tournament Manager Perry Winkle of the Alamo City, who is ramroding the big meet here.

How to Get That Homework Done

Miss Gilbert, our grammar school principal, spoke the other night at the regular Parent-Teachers' meeting, on getting children to do their homework when they want to listen to the radio.

"We musn't give them a flat 'no'," Miss Gilbert said. "If we adults *really* believe in tolerance and moderation, we should instill these qualities in our children. Listening to the radio is fine—in *moderation*—as long as homework gets done, too."

From where I sit, the lady was dead-right. This radio vs. homework problem is a wonderful way to see to it that our youngsters acquire the sensible moderate habits they'll need later on.

I've never believed in hard and fast rules—except where absolutely necessary. Let the other fellow do as he likes, as long as he's temperate and tolerant. Guess that's why I've never felt we should quarrel with the fellow who is partial to a glass of beer—the "Beverage of Moderation."

NO OTHER METHOD OF COOKING IS AS CLEAN AS *Electric Cooking*

The high speed cooking units on the new electric ranges are in direct contact with the cooking vessels, therefore, the heat goes into the vessels and not up or around the sides. It doesn't smoke your pots and pans, and there's no soot or smoke film to be carried through the air to settle and collect on your curtains, walls and cabinets. By eliminating the stifling waves of heat created by other methods of cooking, your kitchen stays degrees cooler. Besides these wonderful advantages, electric cooking is the safest method of cooking and no other can compare with its better cooking results!

SECOND CAPITAL URGED FOR THE UNITED STATES

WASHINGTON, Feb. 19—A member of the Senate-House atomic committee proposed Sunday that immediate steps to be taken to designate an alternate seat of government, perhaps underground, as a national defense measure.

A single atomic bomb strategically exploded by an enemy power in Washington, D. C., Rep. Chet Holifield (Dem.) of California said, would "paralyze" the "nerve center of our nation."

Holifield has drawn up a joint resolution to create a 7-member commission to study the problem and report to the President and Congress by January 31, 1951.

The California lawmaker noted that the White House, defense establishments, Capital, Supreme Court and central offices of vital government departments now are located "within the square miles of destruction" accredited to the present atomic bomb and not the potentially more powerful hydrogen bomb.

Holifield's proposal comes at a time when (a) the joint atomic group is looking into civil defense plans, and (b) Congress members are urging fresh efforts to halt the East-West armaments race.

Chairman Milland Tydings (Dem.) of Maryland, of the Senate armed services committee, said Saturday that the military establishment should lay civil defense plans before Congress for action at this session.

Sen. Alexander Wiley (Rep.) of Wisconsin, contends the United States should urge a United Nations membership poll on the idea of a world disarmament conference.

Chairman Tom Connally (Dem.) of Texas of the Senate foreign relations committee believes it may be the time for foreign ministers of Russia, Britain and the United States to hold an atomic control meeting .

Sen. Scott Lucas (Dem.) of Illinois, said in a Chicago speech that Russian leaders seem to understand only the language of power.

Because of this, he said the United States plans "constant efforts toward peace through the United Nations, strong economic aid to our principal democratic Allies and enough military strength to match Soviet forces if the Communist leaders dare to attempt a quick war."

Maysfield Veteran Does Good Job In Getting Ahead

R. C. Gallier, of the Maysfield Community, has done a good job since enrolling in the Milam County Veterans Agriculture School.

R. C. Has purchased a 90 acre farm and has done a considerable amount of soil conservation and improvement work. He has planted hubam clover and applied phosphate in 1948. He has planted Austrain winter peas and applied phosphate to 10 acres in 1949. He has more than doubled his corn yield by the use of cover crops and commercial fertilizer.

The poultry houses on this farm were repaired in 1947 and used until 1949. Early in 1949, a new 20 x 20 laying house was built with self waterers installed, self feeders and roosts covered with wire to keep the hens out of the droppings.

At present another 20 x 20 laying house is under construction. A brooder house was also built in 1948 and over 200 baby chicks have been brooded each year. At present he has 200 Hyline pullets in the brooder house.

Mr. Gallier has installed butane gas in his home, running water, new cook stove and a new refrigerator. On the farm he has built a new machinery shed, and bought a feed grinder. Two trailers, stalk cutter, corn conveyor are a few of the things that has been built in the school shop.

LAST RITES HELD FOR LEVI KNIGHT SATURDAY

Levi Knight, 63, life time resident of Hamilton Chapel was found dead at his home at 2 p. m. Friday, February 17, 1950.

Jerome Derher, a neighbor who lived about half a mile from Mr. Knight's home had not seen Mr. Knight since Sunday and became alarmed for fear he was ill. He found Mr. Knight's body on the outside of the house near the front door steps.

Earl Crane, Justice of Peace of Rockdale held an inquest and said Mr. Knight had died from natural causes and had been dead about one day. He lived alone and had no family, and had lived in the same community all his life, and his home is located five miles out of Rockdale on the Sandow road.

Mr. Knight is survived by one brother, Oscar Knight of Cameron, and was the son of the late Clark and Emmy Knight.

Funeral services were conducted from the Phillips and Luckey Funeral chapel in Rockdale at 11:00 a. m. Saturday, February 18, with burial in the Old Salem cemetery near Rockdale.

Sheriff Carl Black made the investigation.

PRESIDENT TRUMAN MAKES FIGHTING TALK

WASHINGTON, Feb. 16— President Truman tonight accused Republicans of insulting "the intelligence of the American people" by trying to pin the label of socialism on his program.

In a fighting speech, the President summoned the party faithful to do battle in the 1950 campaign wars because "we don't want another do-nothing 80th Congress."

Striking back at Republican critics who accuse him of extravagance and who demand deep tax cuts, he charged them with "political hypocrisy." He said he would not endanger the peace of the world "to satisfy the advocates of false economy."

Mr. Truman spoke at Washington's annual Jefferson-Jackson $100 a plate dinner attended by more than 5,300 Democrats in the huge National Guard Armory here.

The President, who plans to take the stump for Democratic Congressional candidates in key States, said "harm can be done" when a "Congressional election goes wrong" as he said it did in 1946.

He said the Democratic Party "will not play politics with the Federal budget" or follow the course of those "who would like to return to the days of McKinley."

He called for the continuance of the defense and foreign aid programs and the "fair deal" program for health, education, social security and "economic stability."

The President poked fun at the Republicans for what he called their latest scare word of "socialism." The GOP, in a campaign document 10 days ago, said the prime domestic issue was "liberty versus socialism."

Instead of presenting a positive program of their own, the President declared, "the Republicans sit around waiting for us to make a proposal.

"Then they react with an outburst of scare words," he continued. "They are like a cuttlefish that squirts out a cloud of blacking whenever its slumber is disturbed."

The Democratic program, Mr. Truman declared "is not Socialism."

"It is based upon a firm faith in the strength of free enterprise," he said. "It is designed to strengthen the markets of free enterprise and to expand the investments of free enterprise. It will make our citizens economically secure, well educated, and confident of the future. Only in a nation of such citizens can free enterprise grow and expand and reach its full possibilities."

He said that the Democrats had no desire to limit freedom and added:

"About the only freedom we have limited is the freedom of the Republicans to run the country."

I like a mellow, dry beer. That's why *I* changed to the new *Pale Dry* GRAND PRIZE last week end.
Mr. C. F. Spencer, aircraft worker, Fort Worth

Being a woman, I like a mild, light beer. I changed to the new *Pale Dry* GRAND PRIZE two months ago.
Mrs. Robert Nelson, housewife, Monahans

Just as soon as I tasted the new *Pale Dry* GRAND PRIZE I changed over to it. That was weeks ago, and I like it better all the time.
Mr. C. C. Glover, oil-field worker, McAllen

I'm changing to GRAND PRIZE *tonight!* Seems like everyone else is and, if it's as good as it sounds, I know I'll like it!
Mr. Floyd Dale, citrus grower, McAllen

Yes, there has *been a big change in Texas beer preference ever since the new Pale Dry* GRAND PRIZE *came on the market. Folks are changing to the new* GRAND PRIZE *because they* like *it! We think you will, too, because the new* GRAND PRIZE *beer is an expert blend of* forty *different brews all made from the finest hops obtainable. That's what makes it so good. That's why everybody's changing to the new* GRAND PRIZE.

4. Pulling Power

Here's a different kind of family farm power. Tubular Powerline Design eliminates the tractor frame. You SEE clearly . . . on both sides. There is less dead weight . . . more active power . . . more real pull.

Raised rear axle and offset final drive give you high clearance for tall crops, yet hug-the-ground stability of sturdy, low-set drive wheels. Weight of both the transmission and differential over the rear axle plus non-freezing liquid in rear tires give traction enough to match the big 125-cu. in. engine.

4 FHA Cameron Girls Attend Area Meeting

Four Future Homemakers of Cameron Yoe High School, Claudell Robinson, Edith Baldridge, Kate McLane, and Charlotte Collins, represented the Cameron Chapter at an Area II Meeting in Caldwell, on February 4, 1950. These girls participated in the program and had as their skit "What to take to camp". The Homemaking girls have been busy this week for they have baked a cake for Mr. and Mrs. Hanes as a Valentine gift. Some excellent work is being accomplished on the Home Projects of the F. H. A. girls.

On Tuesday, February 7, the FHA members met in the Homemaking Department of Yoe High School and elected as their Sweetheart and Pin-Up Boy Donald Thweatt and Alton Fuchs.

Donald is a senior this year and is a member of the FHA Club. Alton is also a senior and is one of the star basketball players on the Yoemen team.

Monday, February 13, Ruth Olis and Bernice Hrochray baked a cake in the HM Ia class for a Valentine party to be held February 14. The cake was cut into heart shaped slices covered with pink icing. The punch was prepared and served by Frances Vogelsang and June Williams. Mrs. Buddy Wiese was special guest.

Mr. and Mrs. W. W. Culver of Houston have concluded a visit with Mrs. Culver's mother, Mrs. M. W. Price.

MINORITY TRIES DELAY ACTION FOR MEASURE

Members of the senate approved a 10 per cent across-the-board boost in the omnibus tax, a keystone proposal in Gov. Allan Shivers' program to finance state hospitals.

The vote was 28-2 as adminsitration supporters beat down with ease all attempts by minority opposition to delay action or add new items to the 'catch-all" bill.

Before recessing until 10 a. m. today, administration leaders lined up majority support to ready debate on a second tax measure, a $7,500,000 penny-a-pack cigaret tax bill, as the first order of business.

Sens. Keith Gelly of Fort Worth and Pat Bullock of Colorado City cast the only dissenting votes against the omnibus tax.

Sen. A. M. Aiken, Jr., of Paris and other administration leaders were jubilant and expresseed hope final action on the cigaret tax would be taken. The omnibus bill must return now to the house for concurrence or rejection of senate amendments.

Temporarily balked by parliamentary technicalities, majority leaders gained a one-minute adjournment, thus starting a new legislative day and opening the way for consideration of controversial cigaret tax.

Sen. Hill Hudson of Pecos, ardent foe of the tax program, called for the senate chaplain .

"We need one up here," he said, "not to pray for the senate but for the people of Texas. They need it."

TO THE VOTERS OF CAMERON

On Tuesday February 7 in the City Primary you gave me a splendid vote in my race for City Marshal and I want you to know I am grateful.

A run-off primary will be held Tuesday, February 28, 1950 in the race for Marshal and I appeal to you for your vote and support. I want to serve the people in this office and I feel that by experience I am well qualified to discharge these duties.

To those who did not vote for me in the first primary I hold only good will and earnestly hope that you will vote for me on February 28th. I thank my friends and supporters for all they have done and will do for me in the coming election.

WE WILL CONTINUE IN BUSINESS

This is to announce that Killen's Food Market is now open for business and will continue to be operated.

In assuming management of this business I feel deeply obligated and thankful to friends and patrons of the store during the time my late husband, Mr. Wilson Killen who operated this popular food center.

We will maintain the same high standards of service with whatever improvements may be necessary to give you the kind of grocery you like to patronize, and we want you to continue with us. We also invite those who will come and take advantage of the quality of merchandise and the saving prices we will offer at all times.

I must, under the conditions and circumstances take over and continue this business and with the patronage and encouragement of our many friends Cameron will continue to have this fine grocery.

Bell County Towns Asking For Additional Road Improvement

BELTON, Feb. 16—Arrangements were completed in a meeting in the Chamber of Commerce office for a delegation from Killeen, Belton and Temple to go before the state highway commission at Austin Monday relative to highway projects in west Bell county. The delegation will confer with the commission on widening of U. S. Highway 190 from Belton to Killeen and construction of a road from Killeen to Florence.

Killeen representatives indicated that they would push efforts to get the road from Killeen to Florence, emphasizing that "Killeen is entitled to an outlet south." It was pointed out that Killeen residents have to go 17 miles either west or east before they can start south on an adequate road.

Major Gen. A. C. Smith, Camp Hood commander, favors the Killeen effort to obtain the Florence road, representatives of Killeen said. The Killeen delegation meeting stated that Killeen is willing to work toward a bond issue to finance purchase of right-of-way and take any other feasible measures to get the roads if they can get approval of the road south out of Killeen to Florence.

Spokesmen for the delegation going to Austin Monday will be Roy Smith for Killeen, T. E. Sanderford for Belton and Byron Skelton for Temple. County Judge W. A. Messer will head the group. Senator W. A. Shofner and Rep. Lamar Zivley will accompany the group. Around 50 representatives from the three towns are expected to make the trip. Arrangements have been made for a brief visit with Governor Allan Shivers prior to appearing before the commission.

Miss Anita Dusek Entertains Friends

Miss Anita Dusek entertained with a party at the home of her parents, Mr. and Mrs. Edwin Dusek Saturday evening, February 18.

The following out-of-town guests, Miss Peggy Cliffe, student of Mary Hardin Baylor in Belton, Miss Anita Hood, student at Baylor University in Waco and Miss Mund, student at Baylor University in Waco were present.

Following a number of games the hostess served refreshments.

Spring flowers were used in decorating the Dusek home.

Clarkson H. D. Club Is Entertained

Mrs. Emil Skupin was hostess to the Clarkson Home Demonstration Club, on last Thursday, February 2, with all members present and answering the roll call. The program was on "Lets Grow A Garden".

The president, Mrs. Skupin, presided over the games and songs from the Club books with Mesdames Chester Rogers and Charlie Skupin directing.

Program Chairman, Mrs. Joe Lackey gave a demonstration on Gardening. The selections of a suitable site for a garden may mean the difference between success, partial success or complete failure. The site should be in the vicinity of the house for convenience in planning and working the garden and in harvesting the crop.

Booklets were passed out on gardening.

Mrs. Skupin gave the council report instead of the council delegate who did not attend. One particular interesting fact among these was a recommendation by the chairman of the Education Committee that each club in the county contributed three books to a circulating library for Home Demonstration Club women. The District T. H. D. A. meeting will be held in Austin April 19. The T. H. D. A. dues will be twenty-five cents per member.

In the business that followed Mrs. John Wimberly resigned as council delegate and Mrs. Chester Rogers was elected to take her place.

The Parliamentarian, Mrs. Frank Rogers, discussed "The eight steps in making and carrying a motion". This proved to be a very interesting subject. Leaflets were also passed out.

Mrs. John Matyastik gave a general discussion on good cooks, good eating, modern foods for modern menus, eat and grow slim. Sandwiches and salads, leaflets were given on each subject.

Sunshine gifts were exchanged.

The hostess served pineapple pie and coffee.

Brownie Troop No. 1 Gives Valentine Party

The Brownie Troop No. 1 gave a surprise Valentine party Monday evening at St. Anthony School.

Mrs. Leo Laake, teacher of the troop directed the children in playing games and singing songs. Helen Ray Matula, Barbara Hollas and Lorene Balcar won prizes.

Refreshments of ice cream, soft drinks and cookies were served.

L. B. Bullock, City Secretary of Rogers and George Underwood were business visitors in Cameron Friday.

Chas. Hicks, County Superintendent made a business trip to Waco recently.

World Brotherhood Topic For Delphians

The Cameron Delphian Club met in the home of Mrs. James McKeown recently with Mrs. R. L. Lemons as co-hostess.

Rev. Wendell Carr, pastor of the First Christian Church discussed World Brotherhood at the meeting.

Mrs. William Freeman presided over the business meeting. Mrs. Freeman and Mrs. R. L. Batte gave a report on the Federated Club Women's Institute held in Temple recently.

Spring flowers were used to decorate the rooms. Refreshments were served from the lace covered dining table which was centered with a crystal bowl of red carnations.

A Valentine theme was carried out in the refreshment course. Mrs. Carroll Green presided at the silver coffee service and Mrs. Ben Reichert served a congealed cherry salad.

Greenlees Sisters Celebrate Birthdays

Charlotte and Nancy Greenlees celebrated their birthdays with a party at the home of their parents, Mr. and Mrs. B. H. Greenlees Tuesday afternoon. Charlotte was ten years old February 14 and Nancy was two, on February 13.

Guests were: Janice Bridges, Ruth Matyastik, Gene Marak, Jerry McCarty, William and Mollie Warren, Sandra Skinner, Beverly Lamb, Lorene Coneley, Peggy Hightower, Gailya Griswold, Wanda Kirk, Carol Ann Leonard, Sharon Laywell, Johna and Iris Brasher, Harriett and Beth Greenlees and Mary and Lanelle Fikes.

The children enjoyed the many spirited games.

In the dining room the party table was covered with a pink and white cloth and held two white birthday cakes with pink candles.

Mrs. Greenlees was assisted by Mrs. Henrietta Warren in serving cake and lemonade. Plate favors were bubble gum and candy.

Charlotte and Nancy received many useful gifts and thanked everyone in their charming manner.

H. D. Club Given Party At S. M. Harrell Home

Mrs. S. M. Harrell entertained the H. D. Club at her home February 14 with twelve members and two guests, Mrs. Merlin Lester and Mrs. Dick Young present.

The Harrell home was decorated in keeping with the season.

Mrs. Carlton Crook had charge of the recreation after which a program on better gardening was presented.

The hostess served a delicious chicken salad with angle food cake and coffee.

Trent Mitchell And Sgt. Hellman Married

Mrs. Trent Mitchell and Sgt. Roger Hornsby Hellman of Alvin were married in Temple Wednesday, February 8.

Rev. Elmer Carter, pastor of Seventh Street Methodist Church performed the double ring ceremony at the parsonage in the presence of relatives of the bride and groom.

The bridal party stood before an improvised altar of white gladioli and candelabra. Mrs. Carter provided the music for the ceremony. Paul Nabours, brother of the bride lighted the candles.

The bride was attired in a pale blue gabardine suit with frilly white blouse, a small white hat trimmed with navy, and she wore navy accessories. Her corsage was of gardenias.

Miss Hortense Nabours, her sister and only attendant, wore emerald green crepe with a natural straw hat, brown accessories and white carnation corsage. Sgt. Charles Robinson served the groom as best man.

Mrs. Nabours and Mrs. Hellman, mothers of the couple wore identical corsages of white carnations and little Jane Mitchell wore a corsage of small white daisies .

Mrs. Hellman, daughter of County Clerk and Mrs. Homer Nabours of Cameron is employed with the McClosky V A Hospital in Temple. Sgt. Hellman is the son of Mr. and Mrs. Leo Hellman of Alvin.

Following a wedding trip the couple will make their home at the Nadine Apartments in Temple.

Mrs. Andrew Raymond Hostess At Meeting

The Theta Psi chapter of Beta Sigma Phi met with Mrs. Andrew Raymond at her home recently. The Ritual of Jewels degree was conferred on Mrs. Warren Jones at the meeting.

An invitation was extended to Mrs. Vetter, field representative of the national Beta Sigma Phi to visit the Cameron Club sometime this month. Mrs. Wilson Killen and Mrs. Charles Smith, Jr. were appointed on the committee to assist with the tuberculosis X-Ray survey to be conducted here in March.

The Club also voted to assist the Girl Scouts with their building project.

Mr. and Mrs. L. V. Hairston and daughter, Patty of Luling were week end guests of Mr. and Mrs. Bartow Jackson.

RESOLUTION AND ORDER OF ELECTION

WHEREAS, the Ordinances of the City of Cameron, Texas require the holding of a regular annual election of officers for the City of Cameron, for the two years beginning in April, A. D. 1950:

THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

THAT a general election be held in the said City of Cameron on the 4th day of April, A. D. 1950, the same being the first Tuesday in said month, for the purpose of electing the following officers, to-wit:

MAYOR of the City of Cameron;

SECRETARY of the City of Cameron;

CITY ATTORNEY of the City of Cameron;

MARSHAL of the City of Cameron; and

TWO ALDERMEN of the City of Cameron, to succeed Aldermen August Kunz and L. Van Perkins;

each for the two-year term ending on the first Tuesday in April, A. D. 1952; and it is hereby so ordered.

Said election shall be held at the City Hall (the old Cameron State Bank Building) in the City of Cameron, on said 4th day of April, 1950, and the following named and designated persons are hereby appointed managers of said election, and for all other elections which may be held in said City of Cameron during the year 1950: Leo J. O'Neill, Presiding Judge; and such other assistants and Clerks as shall be appointed by him the said Leo J. O'Neill, as allowed by law to assist in holding said election and elections, in accordance with the laws of the City of Cameron and the State of Texas governing in such cases. The manner of holding said election shall be governed by the laws of the State of Texas and the ordinances of the City of Cameron regulating general elections.

A COPY OF THIS RESOLUTION AND ORDER, signed by the Mayor of the said City of Cameron, shall serve as a proper notice of said election; and the Mayor is hereby directed to cause notice of said election to be posted at the place designated for holding said election, and to be printed in the Official Organ of the City of Cameron, or other newspaper printed in said City, for at least thirty days prior to the date for holding said election.

POINTERS ARE GIVEN ON DEALING WITH CHECKS

AUSTIN, Feb. — The Special Session of the 51st Legislature is presently concerned with the request of the State Board of Hospitals and Special Schools for funds in excess of $18 million to finance operation of our Ellymosinary Institutions over the second year of the current biennium.

Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, pointed out that the majority of this money could have been raised in 1949 if the funds filched from Texas merchants by means of forgery and "hot checks" during the year could have been diverted to that worthy cause. Emphasising that these crimes are on the increase, Garrison stated that a loss of approximately $15 million was sustained through fraudelent checks last year as compared to the usual annaul average of $10 million. These figures apply to Texas alone .

Garrison attributes this increase to the fact that many people became familiar with the procedure of doing business by check during the peak employment years of World War II and became aware of the ease with which checks may be cashed. Many of these persons, now unemployed, have sought to put this new-found knowledge to illicit use. Garrison further pointed out that lack of prosecution in many cases of this nature offers assurance to the forger that his chances of paying the penalty of imprisonment is slight. Too many times the victim of a "hot check" swindle is satisfied merely to get his money back in event that the criminal is able to make restitution. Also, the ability of the modern forger to make his "paper" look authentic by use of check protectors, typewriter, rubber stamp or printed checks makes the usually wary merchant a more ready victim.

Grocery stores, particularly the larger chain stores, said Garrison, are the most frequent victimized.

Garrison gives us these pointers for everyone to remember when dealing with checks:

1. Know your endorser.
2. Require positive indentification. Don't accept Social Security or similar identification cards. These as well as Driver's License, Work Badges; etc., may be stolen or faked.
3. Get a reliable person known to identify the passer if at all possible.
4. Beware of the purchaser who seeks to make payment of a small account with a larger check.
5. If in doubt, forgo the profit on the sale for which the check is tendered. Better to lose the one sale than a greater amount equal to the profit on many legitimate deals.
6. If you use printed checks, keep them secure. Treat them as if they were cash even though they are blank. Many of todays burglars enter an establishment and take only blank checks. Their subsequent use has proven more profitable and less risky .

Finally: Remember that a check is only as good as the endorsement! And, remember, too, that an honest person tendering a valid check will not be offended at your inquisitiveness; but beware of the person who feigns anger when you ask for further identification or details.

Milano Man Will Teach In Port Arthur

Leslie Mullins of Milano is among the 45 students of Southwest Texas State Teachers College who have found teaching positions during the last month through the College Placement Office.

Finding jobs for some 400 to 500 the placement office is a division of the College's public service department under the direction of Dr. Pat Norwood. Placement personnel report that though there is a slackening of demand for workers in some professions, the demand for teachers still equals, and in some particular fields exceeds, supply.

Mullins will teach in the Port Arthur elementary school at Port Arthur.

Federal All-Risk Cotton Crop Insurance

Milam County Producers have started signing up for Federal Crop Insurance protection on their 1950 cotton crops and all eligible prodducers are urged by Alva E. Sanders, Administrative Officer of the Milam County PMA, to make this sound business proposition of protecting their cotton investments a part of their farming plans.

He points out that the logical time to take out Federal Crop Insurance protection is now so that the money and labor which will be invested in the production effort will be protected.

The Federal Crop Insurance premium that the farmer pays represents a small addition to his investment of money and labor in producing a crop and with this addition the farmer protects what he invests against losses from the many unavoidable causes that can destroy or severely damage any farmer's crop. Federal Crop Insurance offers the farmer the kind of protection of his investment that has been a standard practice of businessmen for many years.

"It's just a sound business proposition when you think it through", Sanders points out. "Your premium buys protection. There is nothing to be given away with a Federal Crop Insurance policy. You collect when you have the misfortune of suffering a crop disaster. Insurance that protects what you have against unavoidable loss is good business whether you've got more than your invesetment in the bank or whether you've borrowed the money to make a crop."

Small Arms Firing Training Announced

Most of the 350,000 men in the Army National Guard will train week ends in small arms firing between now and the start of field training next summer.

Maj. Gen. Kenneth F. Cramer, chief of the National Guard Bureau, said 19,000 guardsmen are expected to train at Camp Hood during the summer months of 1950.

To complete individual weapons training requirements for as many officers and men as possible before they leave for their annual 2-week full-time field encampments, two armory drill periods in addition to the customary forty-eight have been authorized.

The firing practice on week ends will mean additional training and two days' extra pay for the guardsmen. Funds for the firing period will come from normal budget appropriations.

Yoe High Homemakers Observe St. Valentine

The Homemakers thought of St. Valentine's Day in the terms of making good refreshments for the occasion.

The HM II class enjoyed tuna fish sandwiches, potato chips, and heart shaped cookies which were prepared and served by the committee composed of Barbara Weems, Barbara Jenness, Johnnie Glass and Susie Matthews.

Heart shaped cookies prepared by Mary Ann Glenn, chocolate fudge made by Nadine Clifton, and lime punch made by Edith Baldridge were served to the HM III class. Nora Partee assisted with the work in making the party a success. This also served as an "initiation" to a new member of the class, Lee Edge, who is a Senior.

The HM Ib class enjoyed a play presented by Maggie Schultz, Ann Brock, Kate McLane, Charlotte Collins, and Betty Clark. After which refreshments were served which carried out the valentine motif. Donald Thweatt, FHA Sweetheart was special guest, and refreshments were carried to Alton Fuchs, FHA Pin-Up Boy for '50.

Fruit punch, heart shaped cookies and small tea sandwiches were served to the members of the HM IIa class.

Having parties is not the only thing the girls do, for all the classes have been stressing good citizenship and character development.

LUBRICARE keeps your Buick livelier longer

JUST realize one thing, good madam, good sir—as you pilot your Buick down the highway past the parade of lesser cars, *you're the secret envy of most other drivers.*

So you owe it to this admiring audience to keep that wonderful Buick of yours purring at its proudest—gliding over the roughest roads like a car on a cloud, with never a squeak—lively, long-striding, and staying that way longer!

And one of the easiest ways to do that is to wheel into our shop once a month—ask the man for our LUBRICARE—and here's what will happen:

1. One of our trained Buick mechanics will lubricate your car as the factory engineers specify—covering many points never touched elsewhere.
2. While he goes over your Buick, he gives you an extra service only a Buick man can render. He inspects the entire car with a trained Buick eye—making sure you get lubrication *plus* Buick care.
3. When you get your bill, you'll find a wonderful surprise—our LUBRICARE costs no more than a routine "grease job" but, man alive, what a difference it makes!

Public Warned About Purchase of New Cars

Texas citizens were warned today by Jerry B. Schiller of Cameron not to become victims by purchasing new cars from others than factory authorized new car dealers.

"Allegedly new automobiles are being offered for sale now in many places by unauthorized dealers but those who buy from these sources learn to their sorrow that they have sacrificed not only the manufacturers' warranties but all the maintenance service and protection to which a new car buyer is entitled.

"The established, traditional distribution of new automobiles through dealers has been made by local authorized dealers franchised by the manufacturer", Mr. Schiller said. When cars or trucks are not purchased through these legitimate channels, buyers may well be getting a 'pig in a poke'.

"Even though a car may appear new, unless it carries with it a manufacturer's warranty, and has been given the recommended pre-delivery service, the purchaser may find he has made a sad and costly mistake when he goes back to the seller of the car for service. Authorized dealers give this service to their customers as a part of their fundamental philosophy that the sale of a car is merely the beginning of their efforts to provide service and satisfaction to all with whom they deal.

"A big risk taken by purchasers of new cars through other than factory authorized dealers is the possibility of improper or incomplete make-ready service before delivery. Authorized dealers can be depended upon to give all their new cars a double check before delivery to insure that they are safe for operation, that brakes, lights, and all other safety devices built into today's fine automobiles are perfect and in good working order. It's a serious risk to buy a new car without this assurance of proper service and inspection at the retail level and without a factory warranty to provide proper maintenance checks as mileage is put on the new car by the buyer.

"The factory authorized dealer of Texas are working with the State and National associations in the public interest to stamp out the so-called bootlegging of new cars and new trucks so that all buyers may receive the valuable services and protection to which they are entitled."

DELEGATES MEET IN WACO, DISCUSS PLANS

An organization to promote, improve and extend U. S. Highway 77 throughout the 21 Texas counties which it passes was formed at the Roosevelt Hotel in Waco Friday.

About 30 delegates representing towns along the route to Highway 77 elected Reuben Sliva of Lott president of the association Friday afternoon, then voted that another meeting for the board of directors of the organization would be held at La Grange on March 23.

Officers who will serve with Sliva in promoting and improving the highway are Judge Oscar Dancey of Brownsville, vice president, and Lester Smith of Cameron, secretary-treasurer. The board of directors will be composed of one member from each of the 21 counties which the highway serves.

Judge Fred Glass of Marlin pointed out that U. S. Highway 77 is the only highway in the United States that connects three countries—Canada, the United States and Mexico. It extends from Winnipeg, Canada, to Guatemala City, Guatemala.

Jack Kultgen of Waco, official of the Texas Good Roads Association, welcomed the group to Waco and pointed out the value of highway associations.

"Waco is vitally interested in this highway," Kultgen told the group. He pledged the aid of the Waco Chamber of Commerce in furthering the work of the association. He also told of projects planned by the State Department for the highway.

Sid McKinnon, manager of the Sinton Chamber of Commerce and former manager of the Mexia Chamber of Commerce, was chairman of the nominating committee which functioned in Friday morning's session.

In the afternoon session it was voted to send County Attorney Robert Peterson of Marlin a telegram urging him to finish condemning right-of-way for the new Highway 77 through Falls County.

Wacoans attending the meeting included Winn Nichols, McKie Walker, S. C. O'Neal, G. R. Armstrong, Burt J. Collin and F. L. Beedy. Other Central Texans present were Louis Kramar of West, Dero Shockley of Mart, J. R. Killgore of Rosebud, Judge Glass of Marlin, Lester Smith of Cameron, Clarence Tucker, R. W. Hailey, C. T. Nall of Waxahachie, and Sliva of Lott.

V. M. Lancaster of Bishop was given credit for promoting the highway association and he was elected ex-officio member of the board of directors.

Mr. and Mrs. Clint Pierce of Hanover visited in Cameron this week.

California Firm Is Low Bidder On Belton Dam Outlets

A California firm was designated apparent low bidder for construction of concrete outlet works and service bridge for the Belton dam and reservoir project.

Bids were submitted by 20 firms and opened in the office of Lt. Col. Ellsworth I. Davis, district engineer, at Galveston.

Apparent low bidder was Winston Brothers, Inc. of Azusa, Los Angeles county, Calif, at $1,890,571. The government estimate on the contract was $2,488,756.60.

Second low bidder was Guy H. James, Oklahoma City, Okla., $2,015,000. Third was the $2,059,101 combined bid of Edward E. Morgan companies, Inc., Jones and Gillis, Inc., and L. A. Tvedt, Jackson, Miss.

Winston Brothers was designated the apparent low bidder, resident engineer E. F. Cirkal explained, because bids will be examined before actual low bids are determined and the contract let.

The contract calls for construction of outlet works for discharge of flood waters. The works will consist of a reinforced concrete structure with three intake openings, each controlled by an electrically-opened gate seven feet by 22 feet.

Flood waters will be discharged through the base of the embankment through a conduct 22feet in diameter and 790 feet in length. The tower to house gate control mechanism will be some 200 feet high. Provisions will also be made in the outlet works for the release of water for conservation purposes.

The contract specifies 730 days for completion. Some 164,200 cubic yards of fill will be required ,along with 2,000 tons of reinforcing steel and 43,930 cubic yards of concrete.

T. F. Locklin, Commissioner of Thorndale transacted business here Monday.

COMING MARCH 4—Sponsored by the Rockdale Lions Club, Hazel Walker and her Arkansas Travelers will meet the Rockdale All-Stars, men's basketball team, in the Rockdale gym Saturday night, March 4, in the outstanding basketball attraction of Central Texas this season. Milam county sports fans who remember last year's game between the girl Red Heads and the Rockdale All-Stars are anxious to see this year's presentation. The girls are crack players, expert marksmen, and have showmanship to entertain the crowd. Last year the Rockdale men won over the Red Heads 39-37 in a wild over-time affair that kept the gym-packed crowd in an uproar. The girls play by men's rules, and on their tour of the U. S. they play only against men's teams.

CARD OF THANKS

I wish to express my appreciation to the Doctors and nurses at the Naval Hospital in Corpus Christi for their kindness shown at the illness and death of my brother, Joseph Sklenar. To father Ben Holub and the sisters of the church, Marek-Burns Funeral Home, the Pallbearers and the American Legion I am truly grateful. May God bless you all.

Mrs. Mary Zavrel .

FORT BEND COUNTY CITIZENS ARE RILED

Put convicts behind thick walls and close the prison farms. Turn the prison system's wide-spread farmlands over to private farmers .

That's the war cry mad-as-hornets Fort Bend County residents will hurl at the Legislature in its next regular session.

And they told the same thing to Prison Manager O. B. Ellis in a mass meeting in Sugar Land attended by 250 persons, some from Bellaire and a dozen Fort Bend and Brazoria County communities that lie in the path of escaping convicts.

They were angry about recent prison escapes—the most recent a 10-man break from Central farm last Sunday.

"Move some of these prisons to West Texas," suggested Fort Bend County Judge H. C. Baker. "Let the people out there share the dubious honor of being host to the convicts."

Judge Baker said the "prison farms never have been, are not now, and never will be on a paying basis."

"I favor complete industrialization of the system. Put the convicts behind walls and get them machinery to make the goods the State of Texas needs, things that must be bought on the outside."

Judge Baker said that delegation from the Fort Bend County Chamber of Commerce and Missouri City Chamber of Commerce had already talked up their plan with the prison board.

"We're going now to the Legislature," he added.

Regarding industrialization, Mr. Ellis said: "I have no fault to find with what Judge Baker has to say."

Someone in the crowd shouted: "How much would industrialization cost?"

'It would cost about $50,000,000," Mr. Ellis replied.

Judge Baker said Mr. Ellis was a "fine, sincere man, but his plan to improve the prison system by modern farming methods is wrong."

Mr. Ellis bluntly told the crowd that there had been"too many escapes."

He told of poorly planned buildings, low fences, weak lighting of prison yards and of guard houses where sentries have limited fields of vision.

"We are doing everything we can to correct these things," he said. "I don't believe we will have any more mass breaks, but there will be more breaks."

Said R. H. Travis, Sugar Land insurance man: "Well, folks, I don't know what you are going to do. But I'm going home where I've got a .38 revolver and a shotgun. I don't want to take the law in my own hands, but I'm going to shoot frist and ask questions later."

The meeting broke up.

Denson Tindall, Jr. of Houston had an appendectomy operation Tuesday of this week at Newton Memorial Hospital. He is reported improving nicely. His many friends in Cameron wish him a speedy recovery.

Mrs. Grady Stidham and Mrs. J. D. Lewis of Cameron and Mrs. John Meyer and Mrs. Tal Woodard of Buckholts attended the Gray Ladies meeting held Thursday at McCloskey Hospital in Temple. They discussed project and work of the Red Cross.

Earl Moseley and Sam Hohenstine made a business trip to Hearne Wednesday.

CARD OF THANKS

We wish to thank all our friends and neighbors who were so kind and thoughtful during the illness and death of our beloved father, Joe Schigut. We are especially grateful to Father Duda and Dr. David Shapiro for their faithful attendance. May God bless each of you.

New 1951 Kaiser Autos- Come In 12 Body Types-

Kaiser-Fraser Corporation announced Wednesday that the 1951 Kaiser automobiles, in twelve body types, will be all new from bumper to bumper and from road to roof.

Mass production is scheduled to begin in March.

The new Kaisers, to be priced later, will be in the upper price bracket.

The Kaisers will come in two series, the Special and the De Luxe. Both will have a 4-door sedan, 2-door sedan, club coupe, business coupe, 2-door traveler utility sedan and 4-door traveler utility sedan. Each will give the customer a choice of conventional, overdrive or Hydra-Matic drive.

Edgar F. Kaiser, president, said that "the 1951 Kaisers are distinctively styled in custom-built continental fashion.

"They feature control tower vision, with larger passenger car glass area; a new supersonic 115-horsepower high torque engine; balanced body and chasis design, combining light weight with extraordinary structural strength; low, 60-inch profile with the center of gravity centered below the tire line; a full-padded, crash-absorbing instrument panel, and new living-room interiors with lounge-type seats."

Other advances include oversize brakes, Tru-line center-point steering with lock socket linkage, new springing that curbs side sway and squat and dip in starts and stops, pistol-grip hand switch, high-capacity fresh-air conditioning with defrosting across all of the windshield, single-key ignition and lock system, custom-tailored front seat location with an adjustable range of seven inches, freezeproof door locks, door latches effective against accidental opening.

Kaiser's new engine. offered for the first time in the 1951 models, is smoother, quieter and more powerful than any previous K-F engine, with better acceleration and fuel economy, Kaiser said.

Contributing to the efficiency of the engine are a high-capacity cooling system, precision balanced piston rings, with flash chrome upper ring; center-of-gravity type engine mounting, 100 per cent counterbalanced crankshaft, a dydraulic damper, extra rigid block and new mushroom tappets.

Southwestern Life Reports Business Increase in 1949

S. E. BROGDON

Southwestern Life Insurance Company's agency force in 1949 produced $108,786,968 of new paid-for life insurance, a gain of 11.7 per cent over the $97,401,728 recorded in 1948, it was announced today by James Ralph Wood of Dallas, president, as the Company's 47th annual financial statement was released for publication .

Company assets, which for the most part represent savings of the Company's 255,000 policyowners, at the end of the year amounted to $200,132,922.31. The statement reflected the Company's investment interest in Texas farms, homes and business properties. It showed a total of $57,228,791.34 in real estate loans, an increase of more than $18,000,000 over 1948.

Southwestern Life's total insurance in force at the end of the year was $761,644.019, an increase of $64,435,879 in 1949.

Policyowners and beneficiaries received payments during the year of policy benefits amounting in the aggregate to $9,322,341.59. More than half of this amount, $4,915,081.59 was distributed to living policyowners and owners of Southwestern Life annuities and retirement income contract. The remainder, $4,407,260.00, was paid to beneficiaries of deceased policyowners.

President Wood said the trend is toward the purchase of larger amounts of life insurance by the individual. He pointed out that the face amount of the policies purchased in 1949 averaged 20 per cent higher than those purchased during 1948.

Southwestern Life is represented here by S. E. Brogdon.

Ernest Wohleb of Cameron, was this week named to the fall semester Linfield college honor roll, according to Dr. E. Avard Whitman, college registrar, Seventy-six students were eligible for the honor list, receiving 3.5 or B- grade point averages or better. Twelve of the number received 4.00 point or straight A averages for the semester's work, Whitman revealed.

Miss Lilian Atkinson is spending a few days with relatives in Austin this week.

Joe Gibson of Calvert was a business visitor here one day this week.

COAL SUPPLIES DOWN TO NEAR CRISIS LEVEL

Embittered rank-and-file coal miners flatly rejected John L. Lewis' "official" order to end their economy-wrecking strike.

Their decision to hold out left the next move squarely up to Government. The Administration laid plans for contempted action against the union today.

With coal stocks down to a near-crisis level, steel mills, automobile plants and cities throughout the country ordered emergency measures to save fuel.

A poll of local United Mine Worker leaders showed their men determined not to dig coal until a contract is signed with the major producers. Operators conceded "the pickings will be slim" when they open their mines for work tomorrow.

The field reports appeared to reverse an optimistic statement by President Truman's fact-finding board, which yesterday reported "hope there will be enough going back to allay fear of a coal crisis." Industry observers also believed enough miners would go back to the pits to forestall court action against the union.

Shriners Pick Fort Worth For Next Meeting

The State Shrine convention will be held in Fort Worth Aug. 4-5, representatives of the Texas Shrine Association decided at a meeting in Fort Worth.

Plans for the two-day session were completed by 100 State leaders at their semi-annual Winter gathering.

The first day's schedule will include a business meeting, with competitive drills on the various patrols, chanters and drill corps.

The next day will start with a downtown parade before the afternoon ceremonial. A dinner honoring officers and past presidents of the association will precede a dance, E. Morgan Townen of Fort Worth, association president, announced.

The convention is expected to attract more than 5,000 Shriners and their wives.

April Cancer Push Readied in Centex As Leaders Picked

Plans for campaigns to be staged in April seeking funds for the fight against cancer were discussed at a meeting of Central Texas county chairman Tuesday at the Methodist Home, with District Chairman Hubert Johnson.

Johnson said county chairmen so far named are: McLennan, Frank Cosgrove; Bell, Paul Hudgins of Temple; Bosque, Felix Shaffer of Valley Mills; Sroyell, R. M. Arnold of Gatesville; Erath, J. D. Pilcher of Stephenville; Hill, William O. Taylor of Hillsboro; Johnson, Byron Crosier of Hillsobor; Limestone, L. B. Stanford of Hexia; Milam, L. Van Perkins of Cameron; Navarro, W. E. McKinney of Corsicana; Robertson, Harry Daughtery of Hearne.

Clark Suddath, public relations representative for the Texas Cancer Society headquarters at Houston, told the meeting that half the 7,000 persons who died in Texas last year of cancer, and of the 225,000 who died in the United States, did not need to die of that disease.

Medical directors have been chosen in 15 counties. They are as follows: Bell, Dr. R. C. Curtis; Bosque, Dr. J. T. Archer of Meridian; Brazos, Dr. Henry Harrison of Bryan; Coryell, Dr. O. W. Lowry of Gatesville; Erath, Dr. Vance Terrell of Stephenville; Falls, Dr. Howard Smith of Marlin; Hill, Dr. Dick Cason of Hillsboro; Johnson, Dr. R. W. Kimbro of Cleburne; Limestone, Dr. Stanley Cox of Groesbeck; McLennan, Dr. Tom Oliver of Waco; Milam, Dr. J. L. Walker of Cameron; Navarro, Dr. D. B. Hamill of Corsicana; Robertson, Dr. J. P. Fleming of Hearne.

A further meeting is planned for March 20 at 6:30 p. m. at the Roosevelt Hotel.

Annual Meeting Held For Farmers Last Week

The annual business and educational meeting of the 29 farm families who have purchased farms through the tenant purchase program of the Farmers Home Administration in Milam County was held Friday of this week, according to Roy Wright, FHA Supervisor.

The meeting was held in the Educational Building of First Baptist Church with 60 in attendance.

In the morning session a discussion of 1949 farm records of the group was led by Mr. Wright and a discussion on recent changes in the PMA program was led by Alva E. Sanders, County PMA Administrative Oficer.

The group enjoyed a basket lunch at the noon hour. In the afternoon session, a film on early season spraying for cotton insect control was shown and the entire afternoon devoted to a discussion of this subject. Walter Senkel of the Belmena community said that early season insect control had paid good dividends on his crop and that he thought this practice was just as much a part of growing cotton as planting the seed. Mr. Senkel ginned the first bale of cotton in Milam County last year and gave a large credit for this accomplishment to "early season insect control".

These meetings are held for the purpose of comparing the efficiency of various systems and methods of farm and home management as revealed by the farmers records.

Camp Hood-Belton Highway Sought

Request for a four-lane highway to connect Camp Hood and Belton was submitted to the State Highway Commission in Austin Monday by a Belton delegation armed with written backing from Camp Hood military officials.

Bell County Judge W. A. Messer of Belton presented the delegation's argument for a four-lane speedway from Belton to Killeen and also from Killeen to Florence. Killeen is the main gateway to Camp Hood.

He presented letters from Camp Hood officials saying the roads were "necessary." State Highway Engineer R. C. Greer told delegation that if funds were forthcoming from Congress for military road construction it would be possible to swing into the entire program.

EFFORTS TO REMEDY TRADE ILLS HAVE FAILED

LAKE SUCCESS, N. Y., Feb. 16—United Nations economists reported Thursday night that all efforts to balance world trade have failed and that the situation became worse in 1949.

In the light of this, they suggested a complete re-evaluation of world economic policies and programs. This presumably include the European Recovery Program, although the economists did not say so specifically.

The suggestion was submitted to the 18-nation economic and social council in a 50-page survey of major economic changes in 1949. The survey was prepared by experts in the U. N. secretariat.

The space devoted to the world trade situation indicated the U. N. experts regard this as the No. 1 economic problem of the moment. They reported world industrial production continued to increase last year and that employment also remained at a high level.

As for the chronic unbalance in trade, the report said: "No remedy is yet in sight."

The survey offered some broad suggestions as to what might have to be done.

For one thing, the report said, the Western European countries might have to adjust their entire production program to fit in with changes taking place in other parts of the world. Otherwise,it added, the United States might have to continue its financial aid to help the Western European countries surmount their dollar shortages.

To some extent, the survey reported, the underdeveloped countries face the same problems that confront Western Europe.

BELL COUNTY GROUP ENCOURAGED ON ROADS

A Bell county delegation which urged two road projects on the state highway commission in public hearing in Austin got no promises, but definite encouragement .

The group, led by County Judge W. A. Messer, asked that U. S. Highway 190 from Belton to Killeen be widened to four lanes, and that approximately 12 miles of the road from Killeen to Florence be designated and constructed as a farm-to-market road.

On the farm-market road proposition, Judge Messer said there had been much discussion pro and con about that particular road, but that Bell county was united on it now. He called on spokesmen from Temple, Belton and Killeen as evidence of that unity. The latter promised to furnish the necessary right-of-way for the road.

Of the approximately 20.6 miles distance of FM 440, some 4.8 miles have been completed as farm-market road, and 3.8 have been put under the 1950-51 program, leaving about 12 miles remaining.

State Highway Engineer Dewitt Greer told the delegation that the project "has been on the books with us for some time." He said it would come gradually, but admitted that it is probably "not going as fast as they would like."

World Day Of Prayer Will Be Observed

Cameron women will join with millions of women in 90 countries on Friday, Feb. 24, at the altar of God as the World Day of Prayer is observed. Sponsored nationally by the United Council of Church Women and locally by the Cameron Council, the meeting here will be at First Baptist Church at 3:30 p. m. Unceasing prayer will span the earth beginning as the sun rises on the Fiji Islands near the international date line and continuing westward until the Amen is sung in the cold Artic more than 24 hours later.

Last year, the World Day of Prayer was observed in 86 countries and the program was translated into more than 60 languages. Services were held in more than 10,000 communities in the United States.

Offerings taken on this day support six great missionary projects at home and abroad. Last year the offering totalled more than $250,000 The funds are divided between missionary work at home and abroad to bring the peoples of this country and the world into greater communion with each other through supplying their spiritual, educational and recreational needs.

Yoe High School Homemaking News

The old saying "the nearest way to a person's heart is through his stomach" is certainly being applied by the Homemaking girls of Yoe High. Barbara Jenness, Barbara Weems, Dorothy Merchant, Susie Dell Matthews and Johnnie Glass acted as hostess at a luncheon prepared by the H. M. II class. The menu consisted of Mexican food, with a vegetable salad, and iced tea. The luncheon was served in the lovely dining room of the Homemaking Department on Tuesday, February 21. The table was set with each piece of china and silver placed on individual place-mats of red and white. The center-piece was a beautiful ivy in a white and green vase.

Lee Edge, A. H. M. III student is taking her Home Project "Marketing and Cooking". On Monday, February 20, Nadine Clifton, Nora Partee, and Ann Glenn assisted Lee in cooking a meal which she carried home and served her husband for their evening meal. The menu consited of a meat, new potatoes, escalloped cabbage, with cold slaw, home-made biscuits, a drink, and a dessert.

Elois McGoldrick and Joan Carter two H. M. Ib students designed and made two very attractive gathered skirts of grey and black plaid cotton material. The girls purchased three yards of the material from a local merchant at 39c a yard.

The Homemaking girls presented Mr. and Mrs. W. T. Hanes with a beautifully decorated cake.

Claudell Robinson, reporter.

Former Texas Ranger Buried In Austin

Joseph Osoba, 64 a well known peace officer, soldier of World War I and a former Texas Ranger died in McCloskey Hospital in Temple Saturday, February 18, 1950.

He was formerly a member of the Rangers and had lived in Temple a number of years before moving to Austin where he had resided the past 20 years.

Surviving are his widow, two sons Dr. J. S. Osoba of Houston and Dr. W. G. Osoba of St. Louis, Missouri. One daughter, Mrs. Joseph Jefferson Sandle of Austin, two sisters and two brothers of Pennsylvania.

Funeral services were held at Hyltin Funeral Home at Austin Monday at 3 p. m. with Rev. Edmund Heinsohn of University Methodist Church officiating. Burial was made in the Memorial Park.

Mr. Osoba was a brother-in-law of Mrs. E. L. Kahler, Mrs. V. A. Kubecka and Mrs. J. B. Logan all of Cameron.

Pallbearers were the former Governor of Texas, Dan Moody, R. D. Thorp, C. A. Slater, Paul Blair, George Hoehn and H. W. Leverett.

CARD OF THANKS

We wish to express our appreciation to the Doctors and sisters at the St. Edward Hospital for their kindness shown at the illness and death of our beloved one, Mrs. John Slovak. For the beautiful floral offerings and to our friends and neighbors who helped in any way we are deeply grateful.

John Slovak and children.

Mrs. Herman Boedeker of Caldwell is spending a few days this week in Cameron visiting her sister, Clara Matula and other relatives enroute to Temple for a visit with relatives there.

Judge Ed Gunn attended the Milam County singing convention held in Milano Sunday.

Onion Acreage For Spring Harvest Greatest Since '36

Onion acreage for spring harvest in Texas is reported to total 71,700 acres, the heaviest since 1936.

The figures were released by the production and marketing administration of the United States Department of Agriculture at Weslaco.

The acreage is more than double the 33,400 acres harvested in 1949 and 67 per cent above the 1939-48 average of 43,020 acres.

It is 27 per cent above the 56,500 acres planted in 1949 and 49 per cent above the 1939-48 average acres planted onions.

Mrs. Joyce Fisher was in Waco on business one days this week.
